GEAR REDUCERS AND GEAR MOTORS

IPEG works closely with leading gearbox manufacturers and maintains an extensive local gearbox inventory to enable our motion control sales specialists to help you immediately. Technicians at our local gearbox repair facilities will earn your confidence with their personal and technical support, as well as our quality gearbox repair turnaround. As your power transmission supplier, IPEG's customer programs help you reduce your maintenance, repair and operations (MRO) inventory while maintaining high confidence that you have the parts you need today.

LINEAR MOTION COMPONENTS/ ACTUATORS

Actuators convert energy into motion. Since actuators come in a wide variety of sizes, forms and functions—and are energized by any number of different sources—it is important to work with a knowledgeable supplier who fully understands the available technology and full range of products.

Only IPEG has the technical associates dedicated to selling and supporting all types of actuators: pneumatic, hydraulic, mechanical, electro-mechanical and electrical.

THE IPEG REPAIR PHILOSOPHY IS SIMPLE:

- **We fix it right the first time**
to factory specs or better.
- **We fix it on time**
we make our schedule fit yours.
- **We fix it on budget**
if we quote it, you can count on it.
- **We look for the root cause**
repairs are good, solutions are better.
